What is ServiceM8?

ServiceM8 is a cloud-based system designed to make it easy to book jobs and schedule them to field workers and streamline back-office processing tasks.

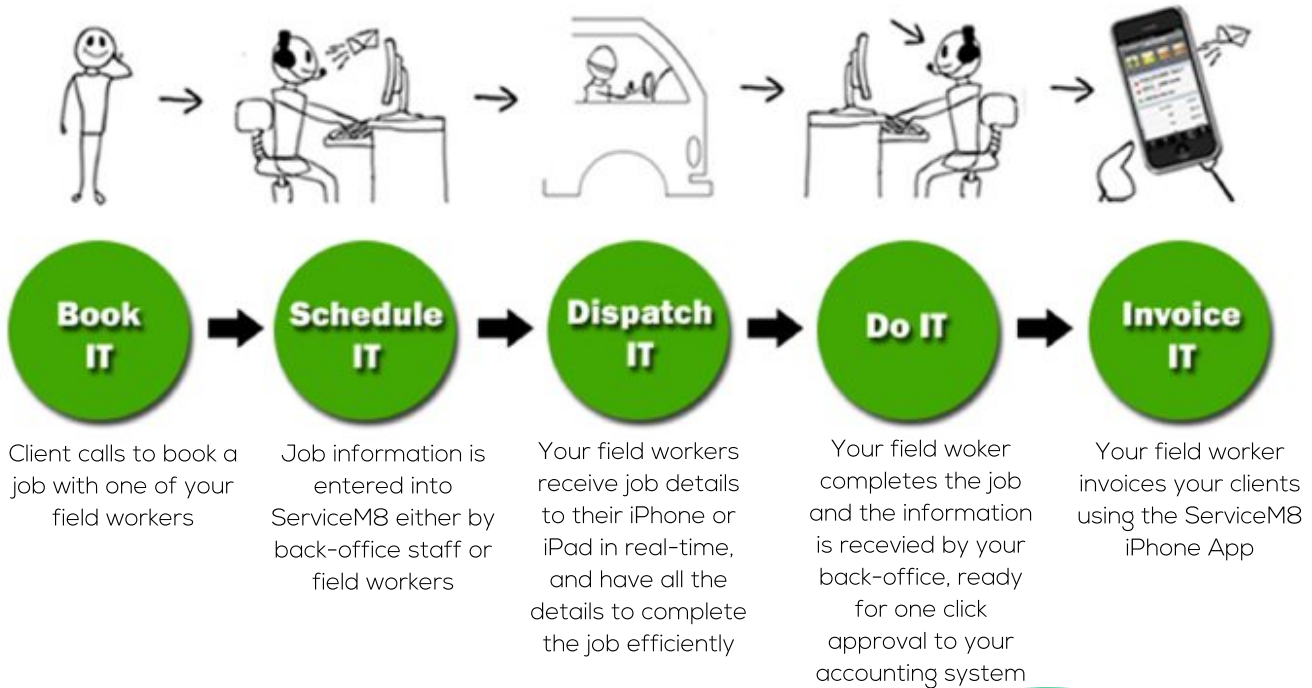

ServiceM8 managers and co-ordinates the interactions of a business between it's staff and it's clients, simply and cleverly.

- Staff in the field are instantly notified when new jobs have been assigned to them. As staff complete their jobs in the field, the award winning Mobile App allows them to record job completion notes, take photos, add tasks, and invoice your customers instantly.
- Back at the office, admin staff can see how a job is progressing in real-time, and once completed, jobs can be approved to your accounting system with a single mouse click, greatly reducing back-office admin time.

A Big Business App Built for Small Business

How it works

Quickly & Easily

Book jobs & schedule them to your field workers.

GPS Tracking

Allows you to know where all your staff are at all times, so you can make smarter scheduling decisions.

Bookings:

Booking jobs in ServiceM8 is quick, easy and convenient. Most jobs can be booked within 30 – 60 seconds.

Scheduling:

Once entered, Scheduling jobs to field workers is a simple drag and drop process.

GPS Tracking:

You can see where all your field workers are in real-time via the Dispatch Map, then drag and drop an Unscheduled Job straight to a Staff member's slot on the Dispatch Board.

Rescheduling:

Rescheduling a job is as simple as dragging the job from one time slot or field worker to another. It's really that simple.

Instant Notifications:

Once a job is scheduled to a field worker, they instantly receive notification on their mobile device, which tells them who the job is for, what needs to be done, when the job is scheduled for and how you want the job done. ServiceM8 allows you to create Job Checklists to ensure nothing gets missed.

Recurring Job:

ServiceM8 allows you to create Recurring Jobs very easily, to ensure that jobs which need to be performed on a regular basis, are never forgotten.

Mobile Invoicing

- ServiceM8 lets you create fast and accurate PDF invoices, so you can email them straight to your clients, either from your iPad, iPhone or computer.
- Invoicing in ServiceM8 is a cinch! You have access to all the sell price of all your parts and materials along with labour rates, at your fingertips.
- Detailed descriptions of completed work can be easily added to your invoices.
- ServiceM8 calculates the exact amount of time you spend on every job, by capturing start and finish times. Travel times can also be captured if you wish.
- Client signatures, photos, notes, diagrams or even files can be attached to any job.
- Invoice templates can be completely customised to look exactly how you want them to.
- Mobile invoicing allows you to instantly provide your clients with invoices so you get paid faster.
- Progress invoices and deposits paid are both supported.

Services Required (Scope of Work)
<p>As an accredited ServiceM8 Partner, we offer a variety of fee-for-service options, which include:</p> <ul style="list-style-type: none"> • Initial Consultation • ServiceM8 Back-end setup • A comprehensive suite of Training modules • All inclusive Package Deals • Forms & Template Customisation • Annual Support Plans • Ad-Hoc Consulting (hourly rate charges apply) <p>Please read through the different services we offer and select the items that you would like, by ticking the appropriate box(s).</p>

Initial Consultation		
Tick	Description	Fees
	4. Initial Consultation – ServiceM8 for New Customers (Max. Duration: hours)	\$210
	<p>This is a highly recommended initial consultation which aims to:</p> <ul style="list-style-type: none"> • Determine the suitability of ServiceM8 for your business • Verify the compatibility of your current accounting system and mobile devices • Conduct an analysis of your current business work flows • Determine how ServiceM8 can best integrate into your business • Determine which inefficient practices will be replaced by ServiceM8 • Document your needs for custom fields, templates and/or forms • Assess your current method of recording inventory and advise on what is required to prepare for integration with ServiceM8 • Discuss/document any additional customer requirements, including Security Roles and Add-on features. <p>This process enables us to determine the suitability of ServiceM8 for your business, and in some cases, prevent you from implementing a system which may not be suited to your needs. It also allows us to scope out your exact requirements so that we can provide you with an accurate Estimate of Cost, if you choose to engage us to implement ServiceM8 into your business and provide training to your staff.</p>	

Training Modules
<p>Our personalised training modules are tailored specifically to your needs and questions. We can conduct these sessions either face-to-face or online using Teamviewer (a screen-sharing program), and your actual ServiceM8 data. As it is not a group webinar following a set course, it allows for personal interaction between you and our trainers throughout the entire session. So sessions progress at a pace that you are comfortable with. Feel free to stop and ask questions at any time, or even ask your trainer to stop and repeat certain topics to gain a complete understanding.</p> <p>Please Note:</p> <ol style="list-style-type: none"> 1. The training modules detailed below, provide a suggested training outline of items which can/will be covered within the allotted time-frame. Certain items listed may not be relevant to your business, in which case, we are able to spend more time on other items. 2. Each training module is designed to run for a maximum period of time, as noted. If at the conclusion of the allocated time, you feel that more time is needed to complete your understanding, then we are happy to continue, subject to our availability and your acknowledgment that additional fees will accrue at our standard consulting rate. 3. Up to five (5) users may participate in any training course. In our past experience, more than five participants create an unmanageable training environment, which becomes counter-productive to you. If more than 5 staff need to be trained in a particular topic, additional sessions will be required.

* Important Notes regarding our Setup & Training Packages		
<ol style="list-style-type: none"> These packages may not be suitable for companies who have unique and/or complex implementation requirements, which may require a greater degree of analysis, design, customisation and training, to get ServiceM8 working suitably for them. In these situations, we would provide a custom quotation. Package prices above and custom quotations are based upon the information we have received from you regarding your needs and current systems. The actual fee may vary if any of your requirements change during the engagement, or if we discover that our initial understanding of your requirements were inaccurate at the time of quoting, or if any additional work is required to bring your systems into line with ServiceM8's requirements. These may include items such as: assisting you with the correct setup of your inventory lists, upgrading your accounting system to a version compatible with ServiceM8, assisting with any local PC or general IT issues, etc. Each training module is designed to run for a maximum period of time, as noted on page 2. If at the conclusion of the allocated time, you feel that more time is needed to complete your understanding, then we are happy to continue, subject to our availability and your acknowledgment that additional fees will accrue at our standard consulting rate. Up to five (5) users may participate in any training course. In our past experience, more than five participants create an unmanageable training environment, which becomes counter-productive to you. If more than 5 staff need to be trained in a particular topic, additional sessions will be required, at our standard hourly consulting fee.

Ad-Hoc Fees: \$140 / hour

As a client, you agree to pay our charges for the Services we provide to you, which are based on a fixed hourly fee of \$140 / hr inclusive of GST plus a call out fee (if applicable). Alternatively, we may provide a fixed price quote, which provides details of the entire scope of work.

Please note that the monthly subscription fee paid to ServiceM8, is unrelated to any fees which we charge.

Bug Fix Fees:

Any time incurred by us in troubleshooting a Client’s issue within the ServiceM8 platform, even if ultimately found to be due to a Bug within the ServiceM8 system, the time spent will be chargeable to the Client at our fixed hourly rate, unless you are covered by our Annual Support Package (described above).

We remind Client’s that, as an Accredited Partner of ServiceM8, we do not control the ServiceM8 system, or have access to its code and nor are we responsible for the smooth running of the system.

Annual Support Fees: (Optional): \$660 p.a.

You acknowledge, that our Annual Support Package is optional and that the annual fee will include support for all reasonable requests to change, modify, and/or troubleshoot the ServiceM8 back-end, but excludes forms or template design or customisation, staff training, and support for any ServiceM8 Add-Ons.

Any support request not covered under our Support Package is separately chargeable at our fixed hourly rate.

Non-Payment:

You agree that we may cancel, suspend or withhold support to you, or remove any customised documents or templates from your ServiceM8 platform, if, at any time, you have not paid all fees that you owe to us, by the due date. Strict adherence to payment terms must be observed by the Client.

In the event we are unable to collect the fees you owe us, we may take any other steps we deem necessary to collect such fees from you, and that you will be responsible for all costs incurred by us in connection with such collection activity, including collection fees, court costs and legal fees. Any amounts not paid when due, shall bear interest at the rate of one and one half percent (1.5%) per month, or the maximum legal rate, if less.

Notice for Termination of Support Package:

The Client or Partner may terminate the Support Package, at any stage by providing 60 days written notice to the other party, except where the Partner terminates due to non-payment.

Data Availability/Data Loss:

As we are only an Accredited Partner, we do not make any representations or warranties about protection of your data nor guarantee data availability whatsoever. You expressly agree that your use of the Site and our Services is at your sole risk. Our services are provided on an “as is” and “as available” basis. We expressly disclaim all warranties of any kind, whether express or implied, including, but not limited to, any warranties of merchantability, fitness for a particular use or purpose, non-infringement, title, operability, condition, quiet enjoyment, value, accuracy of data and system integration. We make no warranty that the site and/or services will meet your requirements, or that the site and/or services will be uninterrupted, timely, secure, or error free; nor do we make any warranty as to the results that may be obtained from the use of the site or services, or that defects in the site or services will be corrected. You understand and agree that any material or information downloaded or other-wise obtained through the use of the site or services is done at your own discretion and risk and that you will be solely responsible for any damage to your computer services or loss of data that results from the download of such material and/or information. No advice or information, whether oral or written, obtained by you from us through the site, services, or otherwise will create any warranty, representation or guarantee not expressly stated in these terms of use.

Limit of liability

You acknowledge and agree that we are only willing to provide access to the Services if you agree to certain limitations of our liability to you and to third parties. You understand that to the extent permitted under applicable law, in no event will we or our officers, employees, directors, parent companies, subsidiaries, affiliates, agents or licensors be liable for any indirect, incidental, special, consequential or exemplary damages, including but not limited to, damages for loss of revenues, profits, goodwill, use, data, lost opportunities, or business interruptions or other intangible losses (even if such parties were advised of, knew of or should have known of the possibility of such damages, and notwithstanding the failure of essential purpose of any limited remedy), arising out of or related to your use of or access to, or the inability to use or to access, the site, the services or your backed up data, regardless of whether such damages are based on contract, tort (including negligence and strict liability), warranty, statute or otherwise.

If you are dissatisfied with any portion of the Service(s), your sole and exclusive remedy is to discontinue use of our services.

Our total liability to you for all claims arising from or related to the Site or Service(s) is limited, in aggregate, to the greater of (i) the amount of fees actually paid by you for use of our services in the month prior to the date the claim arose; or (ii) ten dollars (AUD \$10.00).

Some jurisdictions do not allow the exclusion of certain warranties or the limitation or exclusion of liability for incidental or consequential damages. Accordingly, some of the above limitations and disclaimers may not apply to you. To the extent that we may not, as a matter of applicable law, disclaim any implied warranty or limit liabilities, the scope and duration of such warranty and the extent of our liability will be the minimum permitted under such applicable law.

Without limiting the foregoing, under no circumstances WILL WE be held liable for any delay or failure in performance resulting directly or indirectly from acts of nature, forces, or causes beyond our reasonable control, including, without limitation, Internet failures, computer equipment failures, telecommunication equipment failures, other equipment failures, electrical power failures, strikes, labour disputes, riots, insurrections, civil disturbances, shortages of labour or materials, fires, floods, storms, explosions, acts of God, war, governmental actions, orders of domestic or foreign courts or tribunals, OR non-performance of third parties
